

# Guinea Pig

**Lifespan: 3-6 years**

**Feed: Guinea Pig Food**

**Description: Guinea Pigs are a mid-sized small animal that come in a variety of colors and coat types.**

**Overview: Guinea pigs make GREAT pets for children, as they are very gentle by nature and have an inborn reluctance to bite. They should be let out of their captivity for at least half an hour everyday for exercise. As a solitary pet, it may bond closely to you, greeting you with chirps, purrs, squeaks or whistles. Guinea Pigs should be brushed regularly to keep their coat healthy.**
